

A SERIES LASER DISTANCE METERS

The A series laser distance meters precisely measure the distance, area, and volume. Additional measurements include add/subtract and Pythagoras. This series can also store 99 groups of data.

Applications:

interior/exterior design, construction,
factory supervision,
engineering inspection, traffic accident
evidence gathering, real estate
development, and fire assessment.

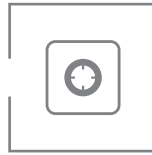

Max range: 120m

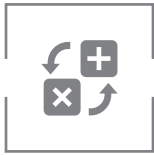

Ergonomic exterior,
comfortable handling

Millimeter accuracy

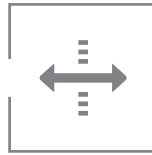

99 groups data
storage

Quick, self calibration

Real-time readout

Horizontal/vertical
leveler

Max/Min/Area
measurement

Interior/exterior design

Traffic accident evidence
gathering

Factory supervision, engineering
inspection

	LM50A	LM70A	LM100A	LM120A
Certificates	CE, RoHS			
Display size	2 inches			
Range	50m	70m	100m	120m
Display type	LCD			
Min. display unit	0.001m			
Measurement units	m/ft/in			
Measurement basis	front/rear			
Accuracy	±2mm			
Laser class	2			
Laser type	630~670nm, < 1mW			
Single measurement	√			
Continuous measurement	√			
Volume	√			
Pythagoras	√			
Add/Subtract	√			
Auto power off	3 minutes without operation			
Auto laser off	30s without operation			
Storage temperature	-20°C~60°C			
Operating temperature	0°C~40°C			
Power	1.5V battery (LR03) x 2			
Product size	122mm x 52mm x 29.5mm			
Standard accessories	Carrying bag
