

# Desoldering wick 4.50 mm 1.50 m

## General information

CHEM-WIK S5 a non-activated, white rosin flux (in conformance with MIL-F-14256F, Type R) is laminated onto the entire braid to protect against oxidation and promote solderability. Ultra-pure, oxygen-free, copper braid quickly and completely removes solder from circuit boards and components. Its fast wicking action protects components from harmful heat damage.

## Specifications

Colour:	red
Width:	4.5
Length:	1500

## Sales information

Order code:	<b>CHEM-WIK S5</b>
Product description:	Desoldering wick 4.50 mm 1.50 m
Packaging:	Unpacked
Brand name:	ChemWik

Quantity	LxWxH (mm)	Weight
1	45x13x45	18 gr.
25	50x50x235	461 gr.
