

PC-11

FEATURES:

- Material: Phenolic circuit single side board 1.6 mm thickness.
- Size: 94.0 × 71.0 mm.
- Multipurpose PC board with 750 pre-drilled standard IC space (2.54mm × 2.54mm), grid pattern.
- UL frame: 94V-0.
- With coordinates and square dot indexed.
- With 4 mounting holes at corner.
- For IC, Transistor, Resistor, Capacitor, Inductor, LED.
