

# Product Technical Data Sheet

## Compressed gas

The product allows intense concentrated air supply in inaccessible areas. Brilliantly removes dust from various, even most inaccessible elements, especially where it is not possible to apply wet cleaning or solvents and where it is required to completely remove dust, to ensure absolute cleanliness. Leaves no residues.

### Application:

computer stations,  
 office equipment,  
 cash registers,  
 facsimile machines,  
 printers,  
 photographic equipment,  
 precision mechanics,  
 telecommunications.

### Physicochemical properties of the gas:

Parameters	UoM	Result
Density at 15°C	g/cm <sup>3</sup>	0,74
Relative vapour pressure at 20 °C	kPa	351
Water	-	Does not contain
Odour	-	No unpleasant odour
Total sulphur content	mg/kg	< 0,25

### Packagings:

Volume	Type of packaging	Collective packaging	Item Code
300 ml	aerosol	12	ART.AGT-229
400 ml	aerosol	12	ART.AGT-216
600 ml	aerosol	12	ART.AGT-233

### Warehousing:

Store in a well-ventilated, cool place. Keep away from children. Protect from sunlight and temperature above 50°C. Use proper ventilation on the premises. Avoid sources of ignition, heat, hot surfaces and open flames. Do not spray over open flames or any incandescent material. Keep away from any heat and ignition sources.

Data contained in this document are consistent with the current state of our knowledge. They describe typical product properties and applications. However, it is up to the user to examine the suitability of this product for specific applications. We deny liability for the obtained results on the grounds that application conditions lie beyond our control.
